## Weekly Picks From the Band

### Book of the Week

*[John The Revelator](#)*, by Peter Murphy, follows the life of John Devine—a spotty pubescent with an encyclopaedic knowledge of intestinal parasites. Other kids label him odd, with the exception of James Corboy, whose posh breeding and rarefied air make him a fellow pariah.

### Movie of the Week

*[March of the Penguins](#)* was a 2005 French nature documentary film directed and co-written by Luc Jacquet. The film depicts the challenging annual journey of Antarctica's emperor penguins, their livelihood, and offspring.
